## TO THE POINT

### Summer 2023 Newsletter

<<First Name>>,

We're halfway through 2023! Bodypoint is celebrating further expansion of the team, brand-new product lines, and enjoying being in the midst of this year's industry events.

While we're heading deeper into Summer, we wanted to consolidate the highlights of this spring into our quarterly newsletter.

Now let's get **TO THE POINT!**

### PRODUCT

We're excited to share that Mobility Management selected Bodypoint as the winner of the Mobility Product Award 2023 in the "Positioning, Upper/Lower Extremities" category! Officially launched earlier this year, our new arm supports have hit the market by storm.

We're honored to be chosen along with so many other great winners this year.
